

Engineered for performance

Absorption

Chevron and rectangular indents increase the surface area providing more material for energy absorption and allowing the Corner Guard to expand and contract before reforming to its original shape.

High strength

Linear low-density polyethylene delivers strong impact resistance at both ambient and sub-ambient temperatures.

Quick and easy installation

Simple assembly with modular, interlocking sections and the A-SAFE logo for clear orientation.

Highly visible

Prominent chevron design delivers a clear warning with distinctive A-SAFE yellow creating a strong visual alert.

Narrow footprint

Designed to defend against minor scuff impacts, the slimline design keeps the unit's impact on floor space to a minimum.

Adaptable

Designed to be stackable, the Corner Guard can offer protection to the full vertical height.

Color options

Also available in black.
